TROPICO INTER-URBAN SENTINEL

(Established 1910)

Published every Thursday at Tropico, California, and devoted to the best interests and future welfare of the most healthful city in the San Fernando Valley. Come and see for yourself.

Gertrude Gibbs .. Editor and Owner
Edith A. Cross .... Associate Editor
Telephone: Glendale 1500.

"Entered as second-class matter May 23, 1916, at the postoffice at Los Angeles, Cal., under the Act of arch 3, 1879."

OFFICIAL PAPER OF THE CITY

Subscription, $1.00 per year.

Advertising rates furnished on application. The Value of the Tropico Interurban Sentinel as an advertising medium is obvious when its field at the head of the San Fernando Valley is considered. The nature of the paper, the character of its subscribers and the class of advertising it carries tell the whole story.

The school election comes off April 6th. Mr. Irving Oliver who was appointed to fill the unexpired term of Mr. Rich is now a candidate for election on a three year's term. This is a very important office, more important in some respects than membership of the city council, and citizens should take a very serious interest in securing candidates competent to meet satisfactorily the moral and financial responsibilities of the school board and not let the school election go by default and then complain of the acts of the School Board. If citizens will do their duty, they can get officials who will be competent and do their duty.

Almost daily the Sentinel has calls for the free government seeds which it long since dispensed. Seedsmen report an unpredecented demand for garden seeds which they attribute to a desire to reduce by home production the high cost of living. It is the only practicable method and the demand for seed was to be expected. But there is another factor in the problem of which Tropico should be taking account, WATER, because water in California means both food and drink since food production in summer is dependent on irrigation. With our present reduced minimum, irrigation water will be expensive in Tropico if there is no change in the control of the Water Company. If reorganization is effected on a basis of $65,000 capitalization, rates will necessarily advance in order to yield an income sufficient to pay dividends on that amount, and Tropico will have lost its chance to acquire the property and regulate prices. Under municipal ownership only the cost of operation, replacements, interest, and the annual taking-up of a certain number of bonds, would have to be considered. The city could easily pay for the property out of its revenues in ten years under a lower water rate than we are paying now, and if it chose to take twenty years in which to take up the bonds, a very moderate water rate could be given. This purchase by the city of an income property would not cost the tax payer a penny's additional expense because it would be not only self sustaining, but it would actually reduce his expenditures through the reduced cost of water.

If Tropico does not take advantage of the opportunity she now has to secure control of her water system, she will be penny wise and pound foolish.

CLASSIFIED COLUMN

COSTLY IMPROVEMENTS AT FOREST LAWN

It should be of interest to our citizens to know that in the beautiful cemetery at Brand and San Fernando is about to be built a mauseleum-columbarium which will be the largest and most imposing edifice of its kind in the country. It is to have a hillside location and the lovely background of Tropico Hill will enhance the stately beauty of the noble structure which will be of solid granite with an interior finish of vari-colored marble. A handsome chapel and crematory is now in process of construction.

The name of the city of the dead is to be changed to Forest Lawn Memorial Park. A complete reorganization of the cemetery company has been effected and the property has passed into the control of a new corporation known as the American Security and Fidelity Company, composed of men of great experience in the building and care of mauseleums, columbariums and crematories, and with whom are associated the following Los Angeles capitalists: Carroll W. Gates, W. I. Hollingsworth, Hubert L. Eaton, Erasmus Wilson, Motley H. Flint, David Llewellyn and Frank D. Hamilton. They plan to spend $250,000 on the improvements mentioned.

The new chapel will be well in the center of the improved portions of the cemetery grounds and will be called "The Little Church of the Flowers." Its design is said to have been suggested by the small house of worship which inspired Gray's Elegy. When these improvements are completed, according to Mr. Wells, manager of the cemetery, Forest Lawn will be better equipped to care for the bodies of the dead according to every method in use at the present day, than any other cemetery in the United States.

More than one hundred acres are included in the cemetery tract which will be gradually parked under the superintendence of landscape gardeners.

LADIES AID ELECTS OFFICERS

The all-day meeting and luncheon of the Presbyterian Ladies Aid held March 8th was well attended and officers were elected as follows: Mrs. S. E. Brown, president; Mrs. Hayes, vice president; Mrs. W. R. Alexander, secretary; Mrs. H. L. Moody, treasurer. Following the election a little gift of jewelry was made to the retiring president, Mrs. A. W. Collins of Los Angeles, Mrs. Brown making the presentation with a neat little speech in which she expressed the appreciation of the society for the service Mrs. Collins had rendered, and the optimism and energy with which the organization had been built up under her administration. Mrs. Brown modestly voiced her own reluctance to attempt to fill the shoes of so capable a retiring officer, but was promptly assured that no one else doubted her abilities.

MONTHLY SUPPER

The regular monthly meeting and supper of the teachers and officers of the Presbyterian Sunday school was held Monday evening. The supper was served at 6:30 and covers were laid for 45, as each officer and teacher invited a guest. Superintendent Richardson presided at the head of the table and G. Paul Stevens was toastmaster, introduced the speakers and himself gave a talk on the Senior Division work of a Sunday school. Other speakers were Miss Scott, of Los Angeles, who considered Elementary Division work, and Rev. Butterfield of the same city who talked of the Junior Division.

The monthly meeting of the Woman's Missionary Society of the Presbyterian church will be held at the home of Dr. Duncan on San Fernando Road, March 22nd at 2:30 o'clock. Miss Ida Myers will lead, the theme being "The Church in Japan."

Grand Matron, Mrs. Maude Noble Havens of San Francisco, and Grand Patron W. Frank Holman, paid their official visit to Glen Eyrie Chapter of the Eastern Star last week. Previous to the meeting a dinner in their honor was given at Casa Verdugo by Mrs. Lillian Ray Beaman, worthy matron of the chapter. The table was centered with a large bouquet of daffodils and freesias and covers were laid for fourteen, all high officials of the order. In addition to the guests of honor the list included: Mrs. Nellie Dean Graham of Alhambra, Mrs. Ivy Sheilhimer of South Pasadena, Mrs. W. F. Holman, Mrs. Anna Funk of Claremont, Mrs. Dan Campbell of Casa Verdugo, Miss Cora Hickman of Tropico, Messrs. Orlif Beaman, Dan Campbell, Clarence Graham, J. C. Sheilhimer and Robert M. Grumbling.

CHAMBER OF COMMERCE MEETS

Though a very small meeting, considerable business was transacted at the monthly session of the Chamber of Commerce which was held last Thursday evening.

A number of communications were presented by Secretary Peters including one from officials of the Federation of Chambers of Commerce calling attention to bills before the State legislature which are objectionable and others which are worthy of support by local chambers. A letter from Hawthorn asking for information on the desirability of incorporating as a city. Secretary Peters reported his reply that unless Hawthorn had on assessment roll of $5000, there would be no advantage in incorporating.

Another communication which was fro mthe Industrial Bureau of Los Angeles, concerned the Siegfeldt Film Company of New York City seeking a California location and inquiring for possible concessions.

John Muir Trail

A letter from the Sierra Club imparted the information that the John Muir Trail had been completed to Mount Tamalpias and asked the Chamber to use its influence to secure a State appropriation of $30,000 to build a trail from Yosemite Park to Mount Whitney. All these communications were ordered placed on file.

Tropico's Designation

Mr. Muhleman reported his appeal to the City Council to place the name "Tropico" in large letters on the City Hall, and the fact that the matter was referred to Mr. Peters, president of the Board. On his own behalf Mr. Peters reported a bid of $8.25 for letters 15 inches high in black, or $10.50 for gilt letters. Mr. Snyder urged the purchase of gilt instead of black letters.

As a member of the committe on advertising leaflets, Mr. Peters reported the accumulation of a stock of all the folders in circulation in Southern California. He submitted a dummy adapted to Tropico's needs which was passed around and discussed but no decision was reached and the committee was continued for another month.

Circus Undesirable

The question of offering winter accommodations to Barnes' Circus, referred to Mr. Peters at the last meeting, was brought up. Mr. Peters reported that his investigations had convinced him that it would be unwise to encourage the circus to come to Tropico as it would bring in its wake an undesirable rabble; that the feed for the animals would be chiefly cheap slaughter house products and he did not believe local merchants would secure much trade.

Auto Taxes

Mr. Peters also reported a communication he had addressed to the Automibile Club of California calling attention to the fact that the bulk of auto taxes are paid by residents of municipalities; that the State collects these returning one-half to the counties but none to the cities, that the counties expend the money on roads outside the cities and none of it on the portions of state highways which pass through the towns, as for instance the San Fernando Boulevard which is maintained by the county only to the city line. Mr. Peters stated that the automobile taxes paid by Tropico residents amount to $1500, not one cent of which comes back to the city. He hoped the Auto Club would take the matter up and secure relief from this injustice.

Mr. Peters and Dr. Mabry reported attendance on booster meeting at Edendale where they ascertained that Gilbert S. Wright had been the moving spirit in getting the Second street tunnel put through, and they hoped to interest him in the Brand boulevard improvement. They also reported information from the Los Angeles City Clerk that profiles and specifications for the improvement had been prepared and deeds to the approaches to the Ivanhoe bridge were the only items lacking, and those would soon be secured.

There being no other business, the Chamber adjourned.

The P. E. is doing a fine job and setting a good example in clearing its right of way of weeds.

TROPICO'S HOSPITAL CHANGES HANDS

New Management Announces Plans

TO THE PEOPLE OF TROPICO:—

Appreciating as we do the value of public favor, we are going to ask the people of Tropico who are interested in good things for their town, to favor us with their presence at the opening of our Relax Home and Hospital, which will take place Thursday, March 15th from 2 to 5 p. m. and in the evening from 7:30 to 10 o'clock in the beautiful building at 525 North San Fernando Boulevard,formerly known as the Mission Hospital.

We are sparing neither expense nor energy in establishing ourselves in one of the most favorable situations for humane work, i. e. for giving care in a humane way to those who need such care at an institution for the purpose of regaining health and spirits.

We have something unusual to present to people here and at large: A special method of caring for those in need of surgical treatment as well as for those in need of medical attention or just REST. The two departments will be as separate as if a block apart owing to the fortunate architectural construction of the hospital. This we can demonstrate if you will be kind enough to visit us and see how we have made provision for the two ventures.

Every worth-while person has an ambition to do something worth while. Our ambition is to make this institution a pattern for others, besides making a reputation for ourselves. How much easier this will be for us if we can have the good will of our neighbors, cannot be measured. We are simply on probation until we can prove our good intent. We ask you to give us your friendly acquaintance and if we can assure you of our sincerity and worth, the rest naturally follows.

Thanking you in advance for the spirit of good will which we are confident of receiving,

We are most sincerely,
MRS GRACE M. ROTTNER, Supt.
DR. B. L. BAKER, House Physician.

P. E. O. INSTALLS OFFICERS

The all-day business meeting of Chapter A. H. of the P. E. O. at the home of Mrs. Wesley H. Bullis last Friday was a very successful affair and greatly enjoyed by the twenty-five members who participated. Hostesses who asisted Mrs. Bullis were: Mesdames Hal Davenport, John Hobbs and John A. Logan. A luncheon of several courses, very dainty in all its appointments, was served at mid-day, dividing the meeting into two sessions. Officers were elected as follows: Mrs. Sala Logan, president; Mrs. Greta Lynch, vice president; Mrs. Ida Belle Ludden, recording secretary; Mrs. Effie Carmack, corresponding secretary; Mrs. Amelia Wattles, treasurer; Mrs. Abbie Barker chaplain; Mrs. Luella Keller, guard; Mrs. Sina Van Etten, organist; Mrs. Edith Smith, journalist.

The installation of these officers was conducted by Mrs. John G. Hunchberger of Glendale, who was instrumental in organizing the Tropico Chapter. She herself is a member of Chapter L. Mrs. Guthrie and Mrs. Cross of Chapter B. A., Glendale, were also guests.

After the installation of officers members were initiated as follows: Misses Kathleen and Dorothy Hobbs and Blanche Davenport.

"SHEPHERD OF THE HILLS" IN TROPICO

Tropico appears to be quite a favorite with picture play producers who frequently stage scenes here, especially in the neighborhood of our old fashioned station on the S. P. Last Monday morning a group of actors from the L. K. O. Comedy Company Studio at Sunset boulevard and Gower street, who are producing "The Shepherd of the Hills," and featuring Dan Russell and Bob McKenzie, came to Tropico, and on the dusty roadway back of the station staged the runaway scene in which Miss Lou Boulton took the part of the heroine. A beautiful water spaniel was also introduced to the Sentinel's representative as the celebrated dog actor Cuckoo. Smith Brothers are directing the production.

Even the self made man seldom goes to the extreme of admiring his own mistakes just because he made them.—Philadelphia Record.

CHRISTIAN ENDEAVOR CONVENTION

The biggest Convention ever held in the history of the San Fernando Valley, will occur in Glendale the 16th, 17th, and 18th inst., when 3500 Christian Endeavorers from every corner and section of Los Angeles County will be in attendance.

This is a big undertaking for the local Endeavorers of Tropico, Glendale and Eagle Rock, but they are measuring up in fine style, working night and day to make this the best County Convention yet held.

Tropico has two of the more important places on the Convention Committee; Mr. J. A. Adams being vice-chairman, and Mr. H. E. Fry the treasurer.

This Convention will combine the inspirational as well as the perspirational, for the platform work will be supplemented by fourteen or more conferences. In addition there will be held Bible study sessions, a banquet, a baseball game, a grand parade through the principal streets of Glendale, and at least one Endeavorer from the trenches of Europe, where he was wounded, will participate in the sessions of the Convention.

The absence of an auditorium capable of holding the crowds necessitates the expense of renting tent and chairs.

The convention opens Friday evening at 7:15 with a praise service and addresses of welcome and response, followed by an address by Dr. D. F. Fox of Pasadena. Saturday will be a big day climaxing in the annual banquet at 5:30 at which covers will be laid for 700 guests. There will be sessions all day Sunday with profitable programs at each one and the convention will close with the 7:15 p. m. Sunday session when banners will be presented and officers installed.

The Glendale Commercial School has outgrown its location opposite the P. E. Station and will move Saturday to larger quarters one block south at 415½ Brand boulevard. This highly satisfactory development is the logical reward of the conscientious, intelligent work bestowed upon pupils by Miss Veysey, who conducts the school, and her friends rejoice in her prosperity.

LOCAL HAPPENINGS

Mr. and Mrs. Tiffany of Tropico avenue are having the pleasure of entertaining friends of thirty-five years standing, viz. Mr. and Mrs. M. C. Brosius of Idaho Falls, who are enroute for home after a visit in El Paso.

Mrs. S. E. Brown of Blanche avenue last Friday entertained at a two-course luncheon, officers of the Woman's Missionary Society of the Presbyterian church. Covers were laid for eight, and at the close of the function the ladies went in to executive session and planned the society's programs for the coming year.

The regular monthly all-day meeting and dinner of the Women's Relief Corps takes place Friday, the 23rd.

The annual dinner of the Kensington Club, an organization auxiliary to the Woman's Relief Corps, took place Wednesday of the present week at G. A. R. Hall. Covers were laid for about fifty guests. Matrons who had charge of the banquet arrangements were: Mesdames Hammond, Dutton, Minter, Peck, and Pollock. It was served at 12:30 and was followed by a meeting at which officers for the coming year were elected.

Mr. and Mrs. A. J. Greer from Colorado Springs are spending the week at Hotel Tropico looking around and making up their minds how they like this part of Southern California. If it suits them, they may buy property and locate permanently.

Mrs. Hattie Doughty, Mrs. S. D. Warner, Mrs. Carrie Lee Carter Stoker, Mrs. Norrington, Mrs. Wickersham, Mrs. Wilcox, Mrs. Granel, Mrs. McMillan, and Dr. M. Lee Hutchins of Los Angeles, were guests at a one o'clock luncheon given last Friday by Miss Adda Burch of Atwater Tract.

Mrs. W. T. Ireland of Atwater Tract, died at Tucson, Ariz., Wednesday and was buried in Tucson the following Sunday. She was a most estimable lady whose death will be deeply regretted by a large circle of friends.

Mr. and Mrs. Jack Hacker and Mr. and Mrs. O. H. Seger were visitors at Santa Barbara last Saturday.

Mr. Curl of the Tropico Feed and Fuel Company returned Saturday from Ohio where the thermometers registered 4 degrees below zero when he left with 4 to 6 inches of snow on the ground.

The Moderator of the Presbyterian Assembly visited the district last Saturday and inspected its churches. A train of automobiles was provided fo rthe circuit ride and Mr. Dan Campbell tendered his machine and his services as chauffeur and had the pleasure of carrying the Moderator as passenger. The trip covered Glendale, Tropico, Eagle Rock, La Crecenta, Burbank, Van Nuys and San Fernando. The pastors were collected as the churches were visited and the entire party was brought to Glendale where a banquet of which Mr. Tom Ogg had charge, was served. Mr. Ogg is president of the Brotherhood.

Mrs. Adelaide H. Imler, department inspector, Mrs. C. Holland, department treasurer, and Mrs. Catherine Sweet, president of Kennesaw W. R. C., attended an all-day meeting of the Long Beach Corps last week Wednesday.

Mr. and Mrs. P. O. Rider are having the pleasure of entertaining Mr. Rider's sister-in-law, Mrs. R. S. Rider, and her son Dean, who arrived from Hamilton, Ontario, Monday morning. The guests plan to spend about two months in California.

Mr. and Mrs. H. W. Butts have imported their household goods from the east and installed them at 151 Eulalia street, where they will be at home to their friends hereafter. Mrs. Rice pronounces them fine tenants and was sorry to see them leave her property on Central and Tropico.

Mr. Charles Jennings is not acting as night watchman at present. Other work claimed his attention and he resigned temporarily.

Little Herbert Bruck, son of Charles Bruck, is convalescent from a severe case of tonsilitis and is now able to be out.

Mrs. Eustace B. Moore of Blanche avenue, who has been confined to her bed with bronchitis is now able to sit up.

The Yeomen lodge will hold its regular meeting Friday night when committees will present reports of Carnival returns. They will probably be very satisfactory as the attendance was excellent and all concessions did a thriving business.

Little Barnetta Benoist is one of the victims of the epidemic of tonsilitis. She was much concerned for fear she would not be able to meet her father in Los Angeles on his arrival Monday night with Albert Spaulding who gave a concert Tuesday in Trinity auditorium and is booked for another on the 22nd. Mr. Benoist is accompanist for Mr. Spaulding.

Mrs. John Seaman is expected to arrive from Chicago today, bringing her father, Dr. Weston, with her.

At the meeting of the Art and Travel Section of the Tuesday Club held last Monday afternoon at the home of the curator, Mrs. Charles Turck, Florence was the theme and in that connection a brief but beautifully written appreciation of Savonarola, the great preacher and reformer whose name is inseparably connected with the scenes of his great work and martyrdom, was presented by Mrs. Turck. From the personal point of view of an eye witness she told of the tributes which men pay to his memory when the anniversary of his death, May 23, 1498, occurs. A bronze tablet in the pavement marks the spot, and on the anniversary that tablet is encircled by white and pink rose petals a foot in width which to Mrs. Turck are a symbol of the fragrant good that has outlived the thorny past and represent the sweet influence of this great reformer, an influence which will live for centuries to come.

PIN TON SUFFERS

The Pin Ton, a valued patron of the Sentinel, whose ad has been running in its columns for several weeks, was one of the sufferers by the big fire on Broadway Tuesday. Its losses aggregate $12000.

TROPICO ASTONISHED BY MERCHANT'S STORY

A merchant relates the following: "For years I could not sleep without turning every hour. Whatever I ate caused gas and sourness. Also had stomach catarrh. ONE SPOONFUL buckhorn bark, glycerine, etc., as mixed in Adler-i-ka relieved me INSTANTLY." Because Adler-i-ka flushes the ENTIRE alimentary tract it relives ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold.—Edwin Virden, Druggist.

THE advantages in using L. A. CREAMERY MILK lie in its absolute purity and wholesomeness---its delicious natural flavor, and its perfect assimilation by the digestive organs.

CRIME CALENDAR

While Tropico wishes to be known as a desirable winter resort, it wants to choose its citizens and does not care to have thrust upon it the sort of tourists who have been operating here the past week. Autos have been stolen and houses ransacked in exceptionally bold manner, though no very serious losses have resulted.

Friday night between daylight and dark a 1914 Ford belonging to Eustace Devine on Son Fernando Road just over the Tropico line, was stolen, the loss not being discovered until Saturday noon. It carried about $200 worth of accessories in the way of latest improvements and attachments. A report of the theft was mailed to sheriffs all over Southern California and Monday a telegram was received from Bakersfield reporting that a machine bearing the number indicated was being held by the Chief of Police there. Marshal Gould and Mr. Divine went at once to inspect it.

It is believed that the same thieves broke into the garage of Mr. Shaul at 431 South San Fernando boulevard before daybreak Friday morning. Mr. Shaul was aroused at 2:30 o'clock and arming himself with his automatic revolver stepped to the back porch and summoned the garage intruder to give an account of himself. The thief came out also armed with a revolver and the two men surveyed each other with guns aimed. The thief broke away and disappeared in the shrubbery and Mr. Shaul summoned Marshal Gould, but no trace of the burglar could be found. Mr. Shaul stated he could easily have shot the man, but did not want such a deed upon his conscience.

On the same eventful Friday night a housebreaker smashed a front window in the S. P. station and reaching in released the catch, raised the window and entered. Though there was evidence that he had ransacked the office and baggage room nothing of value was missing when Agent Thedaker opened up in the morning and looked around. Mr. Thadaker wisely keeps the Company's cash elsewhere, and that is probably what the burglar was seeking.

The latest burglary took place Saturday afternoon and is believed to have been the work of the same man. John A. Logan's house was entered while he was absent about twenty minutes driving Mrs. Logan to Casa Verdugo. On his return he discovered that a pane of glass in a rear window had been broken, a window raised and the house ransacked. Several articles of jewelry belonging to Mrs. Logan which she valued chiefly as keepsakes, had been taken, and a box of jewelry belonging to Mr. Logan had been dumped onto the bed and then left as if the thief had been disturbed. Mr. Logan surmises he was in the house when the auto returned and made his escape by an upper window which opened onto a pergola, as a pin belonging to Mary Logan and presumably taken from her room upstairs, was found on the sidewalk a short distance from the house as if dropped in flight. The loot taken from the Logan home was valued at about $100. The thief was seen by Mr. Van Wie who supposed the Logan family to be at home and did not suspect anything wrong. He describes the burglar as a young fellow of 18 ot 20, but he works with the boldness of an "old" operator.

There will be a benefit for the Municipal Playground Association Friday, March 23rd at the Palace Grand Theatre in Glendale. June Caprice and Baby Jane Lee have been billed for that day and three performances will be given, a matinee at 3:30 o'clock, and evening runs at 7 and 8:30 respectively. It is given under the auspices of the Thursday Afternoon Club, the P. E. O., and other Tropico organizations. With this popular program there should be a big attendance, particularly of children, and the association will probably realize a neat sum from this public spirited endeavor.

Mr. Bosserman of the Bosserman Hardware Company of Glendale, who has just returned from Indiana, reports that farmers and manufacturers there are doing a booming business. Corn was bringing $1.10 per bushel, and hogs $13.65 per hundred.

Endless Performance

"I quarrel with my sweetheart in order, later, to take her in my arms and make up. When I left her last week I told her why I had quarreled with her so often, and it made her awful mad at me."

"What then did you do?"

"We made up again."—St. Louis Post-Dispatch.

E. B. GORRELL BUYS ILLINOIS PAPER

The Sentinel is in receipt of the March 1st issue of the Southern Illinois Record, of Flora, Illinois, in which E. B. Gorrell is named as editor and proprietor. This means that the thriving eight-page weekly has been purchased by Mr. E. B. Gorrell of Blanche avenue, Tropico, and that he and his daughter will leave about the first of May for Flora where Mr. Gorrell will assume the personal management of his paper. He is a thorough newspaper man of about forty years' experience. He founded the Louisville (Ill.) Republican and owned and edited it for nineteen years during which he achieved a reputation as one of the most able newspaper men of that part of the State. Louisville, seven miles north of Flora, is the county seat town of Clay County, and the Republican has been for many years the official paper of that county. Flora is a thriving railroad and manufacturing town of 5000, and Mr. Gorrell has many friends there who rejoice in the prospect of his return and predict for him all kinds of success in the newspaper field there. Mr. Gorrell was the proprietor of the Sentinel for two months before it passed into the hands of the present owner and during that time demonstrated his editorial and administrative ability to the satisfaction of Tropico readers who speak of his work in the highest terms. Mr. and Miss Gorrell have also acquired a circle of friends here who will part with them reluctantly but whose good wishes will follow them to their new home.

REV. FORD ILL

Rev. Don Ford is at the home of Rev. Henry Goodsell on Palmer avenue and is confined to his bed with a bad case of mumps. He was unable to take charge of the church services last Sunday and they were conducted in the morning by Mr. Gibson, Superintendent of Sunday Schools for the San Fernando Valley District. Next Sunday Rev. Goodsell and Rev. Henry will have charge of the services. Mr. Ford is recuperating and is able to sit up a part of the day. He hopes to be quite well again by next week.

PROCEEDINGS OF BOARD OF TRUSTEES

A short session distinguished the meeting of the City Council Tuesday evening. All members were in their seats. Officers were present as follows: City Clerk, City Attorney, City Health Officer, City Engineer and City Marshal.

The first and only communication was from W. C. Anderson complaining of the unsanitary condition of the Cerritos school. This was referred to the School Board.

Building Ordinance Amendment

The next item of business was the draft of an ordinance amending Section 19 of Ordinance No. 44 (Building Ordinance) regulating the building of lath, lattice work, tent houses, California house buildings etc., and requiring permits for same but with the provision that the requirement shall not apply to any building or structure situated more than 75 feet from the boundary line of the nearest street. This provision was included for the purpose of allowing the building of shed-like structures on the rear of lots without a permit. Considerable discussion followed relative to the application of such provisions to corner lots, and the matter went over for one week, no action being taken.

Completion of Hill Street

Enginer Wattles reported the completion of Hill street with the exception of rolling the upper portion which will have to be postponed until the water pockets below the macadam have drained out. This Mr. Schelling has agreed to do later and Mr. Wattles recommended the acceptance of the street. To this the board agreed with the understanding that the city is to hold seven barrels of oil belonging to Mr. Schelling until the rolling is done. Mr. Wattles also stated that the intersection of Green and Hill, dug up by the Gas and Water Companies for the laying of pipe has not been properly replaced, no tamping having been done, though the companies have ben notified. He recommended that the work be done either by Mr. Schelling or the Street Superintendent and that the cost be charged to the companies.

Milk Permit Granted

Health Officer Mabry reported favorably on the application of Douglas Bruce of Sycamore Canyon for permit to sell twenty gallons of milk in Tropico and later in the session the permit was granted by the Board.

Garbage Contract

He also stated that Mr. Edwards was willing to renew his contract with the city for the collection of garbage, and was instructed to draw up such a contract and submit it to the board at the next meeting.

President Peters reported that in obedience to the instructions of the Board he had purchased 110 feet of rope and a catch for the flag, at an expense of $1.15.

He also reported that he had employed a man for three days' work in clearing brush from the playgrounds deposited there by the city.

Trustees Henry and Peters reported a visit to Burbank to see and hear the fire siren recommended for purchase by the city. Mr. Peters expressed his disappointment in the carrying power of the whistle and the committee was granted additional time for investigation.

Street Repair

The repair of streets, particularly Tropico and Cypress avenues, for the removal of bumps and ruts, was brought up by Trustee Seal and occasioned considerable discussion, Engineer Wattles recommended the purchase by the city of a tractor which he said could be bought for $800, and to which could be attached a scarifier or other implement for street work. Trustee Peters stated that he had asked the Studebaker Company to give figures on their street work outfits. Mr. Wattles also said it would pay to have a man who would continually go over the streets to repair them as soon as he saw the beginnings of a break. Immediate attention would require but little work in comparison with the amount that would be needed if the break were neglected. The matter was finally referred to the engineer and street superintendent, to work out some method of repair at the minimum of expense.

Demands were presented and ordered paid as follows: E. Fram $176.00; T. G. & T. Water Dept. $76.50; Pac. L. , & P. Co. $213.76; Cass, Snurr, Damerel Co. $2.15; New Method Laundry $1.76; East Side Rock and G. Co. $14.75; Puente Oil Co. $4.47; Title G. & T. Co. 95c; Pac. Tel. & Tel. Co. $1.35; Hartley Shaw, service in Baer Case $10.00; Parmalee Dohrman Co. tungsten lights $10.56.

The Board then adjourned.

TYRONE POWER IN THE MISSION PLAY

The opening of the Mission Play at San Gabriel each season is in itself an event, but this year it has been made far more notable than ever because of the appearance in the play of Mr. Tyrone Power, who is conceded to be the greatest of all living American actors.

Those who confidently expected that Mr. Power would exceed in interest all his predecessors in the immortal dramatic role of Fray Junipero Serra have had their expectations more than realized. His performance in the Mission Play on Sunday last at the opening, and at each succeeding performance since, is universally conceded to be the most impressive dramatic work of this generation.

The Mission Play is bigger and grander than ever this year. The cast, always large, has been considerably added to and has been strengthened by the addition of several new actors selected with the utmost care for their skill and ability. The crowds who attend the play this year are the largest of any in the history of the five years of the play at San Gabriel.

It makes a pleasant drive to San Gabriel any day in the week, and particularly on Saturday afternoons and Sunday afternoons when the home people have the leisure to go.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Subject March 18, "Substance."

A Long Sentence.

Dowser — There goes Judge Wurdleigh. In addition to his being a fine jurist, he has the reputation of being a master of the English language.

Bowser—That may be, but I don't like his sentences; they are too long. It took me six months to get to the end of one of them.—Pittsburgh Chronicle-Telegraph.

Not His Fault.

"You pay too little attention to your personal appearance. Remember that clothes make the man."

"Yes, but for me the man says he won't make any more clothes!"—Exchange.

Enjoying a Novelty.

"You seem to have a fondness for sardines. Do you like them so much?"

"It isn't that exactly. I like to buy them mainly on account of the way they are packed."

"Eh?"

"Few things are like that. The dealer seems to be trying to give you all he possibly could."—Pittsburgh Post.
